## PRODUCT A SHEET / STANDARD STRAW 21NW

Product reference  
ESPO2000A

EAN code  
7500463069390

Customs code  
3917.32.99

Description  
Biodegradable straw made of biopolymers from avocado seed wrapped in paper

Origin  
Mexico

Dimensions and weight of unit  
21cm / 6mm diameter / 2.66g

Usage  
Disposable, hot and cold beverages (up to 87.7 °Celsius)

Color  
Natural (beige)

Time of biodegradation  
240 days in accordance with ASTM D6866(\*)

Stockage  
Stock in a cool and shady place  
Time of stockage: 1 year

Conditioning  
In bulk, 2000 units per master boxes  
Shipped on EU pallets 120/80/160 cm  
11 pallets in a 20ft container  
Total of 528 master boxes / container

Dimensions & weight of boxes  
4.53KG  
30cm/ 43cm/ 27cm

21cm/6mm

Compliant with  
FDA: Food & drug administration CFR 21 177.1520  
Certified with the ASTM D6866\*

Components  
60% biopolymers extracted from avocado seed  
40% synthetic organic compounds

**Free of Bisphenol A & significantly reduces the carbon footprint**

(\*)Biodegradation according to the norm ASTM:  
Defines the environmental biodegradation of a plastic according to the biotic and/or abiotic process that occurs in a given environment. Microorganisms perform the biotic degradation process producing mainly CO<sub>2</sub>, H<sub>2</sub>O and biomass.
